

Do you have a minor ailment?

-  Acne Vulgaris
-  Athletes foot
-  Acute Diarrhoea
-  Ear Wax
-  Groin area infection
-  Haemorrhoids
-  Head Lice
-  Mouth Ulcers
-  Oral Thrush
-  Scabies
-  Threadworms
-  Verrucae

Do you need to see a doctor?

No because you can get appropriate advice and treatment from your local community pharmacist.

Why go to the pharmacists first?

-  Pharmacists can offer advice and treatment for a wide range of minor ailments
-  Treatments provided as part of the Minor Ailment Service are free of charge
-  You will receive quick, expert advice without needing to see your GP

Can you go to any pharmacy?

Pharmacies offering the Minor Ailments Service will display an arrow and cross sign.

What will the pharmacist ask?

The pharmacist will ask about your symptoms, your medical history and other medicines that you take. This will help them make an appropriate recommendation for treatment. In some cases the pharmacist may need to refer you to another Healthcare professional such as your GP.
